

HTC 500

4kW 3 - PHASE - 3 HEAD GRINDER

Technical Data

Drive	
Name	HTC 500
Motor Output	4kW
Power Consumption	16A
Voltage	3 x 400V
Frequency	50 Hz
Grinding Pressure	100 - 130kg
Revolution Speed	300 - 1300r.p.m
Grinding Discs	3 x 230mm
Grinding Width	500mm
Grinding Motor	1
Water Tank	17L
Recommended Dust Extraction System	5iAD VCE3500

Dimensions	
Length	973mm
Width	555mm
Height	1102mm
Weight	147kg

Part No	Model	Description
20035619	HTC 500	3 Phase 3 Head Grinder

Details:

- The machine can be used for coarse grinding, preparation, grinding, and maintenance as well as HTC Superfloor™.
- A powerful multi purpose machine.
- Ergonomically designed.
- High capacity for its size.
- Equipped with three extra weights for varied grinding pressure.
- Very popular concrete polisher for the hire industry.
