HTC 500

4kW 3 - PHASE - 3 HEAD GRINDER

Technical Data

Drive		
Name	HTC 500	
Motor Output	4kW	
Power Consumption	16A	
Voltage	3 x 400V	
Frequency	50 Hz	
Grinding Pressure	100 - 130kg	
Revolution Speed	300 - 1300r.p.m	
Grinding Discs	3 x 230mm	
Grinding Width	500mm	
Grinding Motor	1	
Water Tank	17L	
Recommended Dust	5iAD	
Extraction System	VCE3500	

Dimensions		
Length	973mm	
Width	555mm	
Height	1102mm	
Weight	147kg	

Part No	Model	Description
20035619	HTC 500	3 Phase 3 Head Grinder

Details:

- The machine can be used for coarse grinding, preparation, grinding, and maintenance as well as HTC Superfloor™.
- A powerful multi purpose machine.
- Ergonomically designed.
- High capacity for its size.
- Equipped with three extra weights for varied grinding pressure.
- Very popular concrete polisher for the hire industry.
